We, the members of
Our Saviour's Lutheran Church,
1212 Sumner Avenue South,
Humboldt, Iowa,
in the Western Iowa Synod of the
Evangelical Lutheran Church in America,
affirm our commitment to be a Safe Sanctuary
for Children, Youth and Vulnerable Adults.
Knowing that living into this covenant
is a lifelong process of learning and caring,
and knowing that we work with others in our immediate community,
the wider church and the world
to develop programs and places
where all God's children can flourish,
we ask God to help us.

Our Saviour's Commitment

"But Jesus called the children to him and said, 'Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these.'"
Luke 18:16

"Speak up and judge fairly; defend the rights of the poor and needy."
Proverbs 31:9

God deeply valued children, the poor and needy. To that end, procedures will be followed to protect children, youth and vulnerable adults from harm in our church. For all purposes in this policy,

"Infants" are defined as being under the age of 4;

"Children" are defined as being between the age of 4 and 12; and

"Youths" are defined as being ages 12 to 18 years of age.

A vulnerable or dependent adult is a person eighteen years of age or older who is unable to protect the person's own interests or unable to adequately perform or obtain services necessary to meet essential human needs, as a result of a physical or mental condition which requires assistance from another. *Iowa Code, Chapter 235B*

Why is safety and abuse policy necessary?

1. **To Protect Children, Youth & Vulnerable Adults** - The creation of a secure, safe environment is of utmost importance (Matthew 18:1-10). The application, interview, reference check, background checks and training processes are all screening procedures to assure the safety of our children, youth and vulnerable adults.
2. **To Protect Volunteers and Staff** - It is necessary to protect church staff and volunteer workers from potential meritless allegations of abuse.
3. **To Raise Awareness Level** - The goal is not to raise suspicion, but to become educated about the process and systems regarding protection of children, youth & vulnerable adults at Our Saviour's Lutheran Church.
4. **Our Saviour's Position in the Community** - Because we are in a position of leadership in our community we need to be the best advocates for children, youth & vulnerable adults we can be.
5. **Legal Protection of Our Saviour's Lutheran Church** - There are several liability factors that dictate how we process our volunteers and paperwork.

Parental Responsibility

All parents should be encouraged to assume individual responsibility for their children and not assume the church sponsored activity or presence on the church premises is a guarantee of the child's safety. *CHILDREN SHOULD NOT BE LEFT UNATTENDED* in the church building and children should be picked up in a timely manner.

Marks of a Safe Sanctuary

What does a Safe Sanctuary for children, youth & vulnerable adults look like? What does it give to a child? What does it feel like to the congregation? What does it say to the community? In Holy Baptism, we make commitment to “renounce all the forces of evil...” (LBW, page 123). Some of the “forces of evil” that threaten the safety of children, youth and vulnerable adults are abuse of various types. The following policies reflect our commitment to provide protective care of all children, youth, vulnerable adults, workers and volunteers who participate in church-sponsored activities. The following are characteristics of a Safe Sanctuary:

Persons are safe from: Marks of a Safe Sanctuary: No need to say:		
Physical abuse	I feel safe.	Please don't hit me again!
Sexual abuse	I feel respected and protected.	Don't touch me there! Stay away!
Emotional abuse	I feel valued.	I'm not stupid!
Stifling stereotypes	I am free to be who I am.	Don't label me!
Hunger & Homelessness	Immediate assistance in times of crises.	I'm hungry! Where will we sleep tonight?

Exploitation	Myself and all that I have is safely under my control.	Don't use me!
Persons are safe to: Marks of a Safe Sanctuary: All will say:

If so, permission to volunteer with youth will be declined.

Guidelines for Volunteers & Staff

1. Training Process for all Staff, Volunteers and Our Saviour's Leadership -
As governed by Iowa law, Our Saviour's pastors and youth workers shall complete two hours of training relating to the identification and reporting of child abuse within six months of initial employment involving the examination, attending, counseling, or treatment of children on a regular basis. Such persons shall complete at least two hours of additional child abuse identification and reporting training every five years.
2. Volunteers who have completed an initial screening process shall receive safety and abuse identification training (minimum 1 hour) every 2 years.
3. Church personnel and volunteers should be familiar with Our Saviour's Guidelines for Discipline, Appropriate Affection & Appropriate Restroom/Diapering Supervision.
4. A minimum of two unrelated adult workers will be in attendance at all times when children are being supervised during our programs and activities. If only one adult teacher is in attendance during the class session, classroom doors should remain open or the room is able to be viewed completely by a window by a supervisor.
5. There should be no fewer than two students – not counting the leader's own child – with the adult leader. For Sunday School, as children arrive/leave, the leader should stand at the classroom door until two students have arrived and do the reverse at the end of the class: When only two students remain, they should again stand at the door and wait for parent to pick up children.
6. Married Couples serving together, count as only one adult. In the instance that a third volunteer is unavailable, married couples will function as a single adult teacher and follow the Open Door Policy as described in #1 above.
7. Doors should never be locked while persons are inside the room.
8. Supervisory leaders will make random visits to classrooms and other places children/youth use.
9. Supervision of children should be provided before and after the event until all children are in the custody of parents or legal guardians or have left the premises.
 - a. Ministries serving children under 6 years of age (Kindergarten and under) must clearly identify the child and the child's parent or guardian. Children should only be released to a properly identified and pre-authorized adult.
 - b. Ministries serving children in first through sixth grades shall release children to the parents or appointed guardians, unless the parent or guardian has authorized in writing that the child may leave the event without the parent or guardian being present.
10. In one-on-one mentoring situations, meetings should be held in visible, public areas. Volunteers should not be alone with one child or youth in an area that has no public visibility.
11. If receiving counseling, door should be open, or have a window through which individuals can be easily seen and monitored.
12. All events sponsored by Our Saviour's, which are to occur off of the church premises, must be approved in advance by the Pastor or youth committee. Risks of non-member participation should be assessed and appropriate action taken to ensure safety of all involved.

13. Parents or guardians must complete a permission and/or registration form, as well as a medical release form for each child before Our Saviour's personnel or volunteers transport children and youth for a church-sponsored activity.

14. The Pastor and/or Youth Director and/or Sunday School Coordinator shall determine the number of adult chaperones who will participate in Our Saviour's sponsored youth events. As a rule of thumb the following adult to youth ratio will be followed, with the condition that there is a second, unrelated adult (over age of 21) present:

Toddlers – 1:5

Preschool – 1:6

Elementary age children – 1:9

Middle school age youth – 1:10

Senior High age youth – 1:10

When making decisions about ratios, consider contextual variables such as:

- Age and developmental level of youth and employees/volunteers. If youth or employees/volunteers are young, you may need a lower ratio, that is, fewer youth per adult.
- Risk of the activity. Does it involve a great deal of isolation from others?
- Location of the activity. Is it in a classroom that is easy to monitor or at a park, where it is easier to lose track of individuals?

15. Overnight events require the ratios above to be maintained, and possibly, lowered (i.e. 1 adult/room at a hotel) for each sex, due to separation of sexes for sleeping arrangements.

16. Employees/volunteers should continually actively interact with the youth to maintain adequate supervision and monitoring.

17. Parents must give written permission for their children to view movies with an "R" or "PG-13" rating before viewing.

18. The possession or use of illicit drugs, alcohol or tobacco, or misuse of legal drugs by youth, as well as the possession or use of illicit drugs or alcohol by an adult while at a church-sponsored event are prohibited. Tobacco products used by adults must not be used in the presence of youth.

19. When it becomes necessary to dress/undress, bathe or shower, youth and adults will do so in private, out of view of other youth and adults.

21. Church personnel and volunteers are prohibited from discussing their own sexual activities, including dreams and fantasies, with children, youth or vulnerable adults.

22. Workers and volunteers will be encouraged to advise each other when questionable behavior is displayed.

- Inappropriate or harmful behaviors should be reported to the proper supervising staff person and documented on the form Report of Suspected Child Abuse.
- Problematic behavior of and/or injuries suffered by participants during a church-sponsored activity should be reported on the Incident Report form.

Guidelines for Discipline

For every setting

- No illegal substances, alcohol, tobacco or weapons are allowed to be on site or used by youth or adults while responsible for supervising Our Saviour's youth events.
- Romantic touching between youth during a church-sponsored activity is not allowed.
- Never engage in physical discipline nor abuse of any kind in discipline procedures.

For class settings:

- Establish a simple rule system, display it on a poster and post them at kids' eye level. Use as few words as possible when writing these rules.
For example you should write, "One person speaks," or "Raise my hand first."
- For little ones, only have a few rules, three to five is good.
- For older youth, consider involving them in the creation of the rules at the beginning of the year.

For other youth activities:

For youth activities, especially those off-site, the rules stated in the Participant's Covenant will be followed.

3-Step Discipline

After the rules are created, the 3-step discipline policy shall be used.

- Rule Reminder: When a child/youth breaks a rule, remind him or her of the poster rules. Have youth repeat the rule with you.
- Personal Visit: If the rule is broken a second time, speak to him/her privately. Make eye contact in a non-threatening manner, bending at the knees if possible/necessary. Tell what rule has been broken and explain what the next course of action will be.
- Immediate Consequence: At the third infraction, there should be an immediate consequence, i.e. a visit to time-out, or removal from a game or activity. In addition, parents will be informed of the youth's behavior.
- If youth's actions are endangering the safety or well-being of themselves or others, the youth will be sent home immediately - being picked up by the parents or sent home at the parents' expense. In addition, attempts at informing parents of the remaining youth will be made to inform parents of the situation.

Guidelines for Appropriate Affection

Our Saviour's Lutheran Church is committed to creating and promoting a positive, nurturing environment for our children's and youth ministries that protect our children and youth from abuse and our church personnel and volunteers from misunderstandings. When creating safe boundaries for children and youth, it is important to establish what types of affection are appropriate, inappropriate, and harmful. Clearly identifying such behaviors allows church personnel and volunteers to comfortably show positive affection in ministry. It also helps create awareness of unhealthy behaviors and identify individuals who are not maintaining safe boundaries with children or youth.

These guidelines below are based, in large part, on avoiding behaviors known to be used by child molesters to groom children or youth and their parents for future abuse. The following guidelines are to be carefully followed by all church personnel and volunteers working around or with children or youth.

1. Love and affection are part of church life and ministry. There are many ways to demonstrate affection while maintaining positive and safe boundaries with children and youth. All expressions of affection should be age-appropriate. Some positive and appropriate forms of affection are listed below:

- Brief hugs
- Pats on the shoulder or back.
- Handshakes.
- High-fives and hand slapping.
- Verbal praise.
- Touching hands, faces, shoulders and arms of children or youth.
- Arms around shoulders.
- Holding hands while walking with small children.
- Sitting beside small children.
- Kneeling or bending down for hugs with small children.
- Holding hands during prayer.
- Pats on the head when culturally appropriate (avoided in some Asian communities)

Any expression of attention, however, that elicits a negative response from another person should be discontinued.

2. The following forms of affection may be considered inappropriate with children and youth in a ministry setting because many of them are the behaviors that child molesters use to groom children or youth and their parents for later molestation or can be, in and of themselves, sexual abuse. These behaviors should be avoided, monitored closely, and if abuse is suspected, should be stopped immediately. The offending person should be given a private, verbal warning by the supervisor, parents contacted (of offending person is a youth) and an incident report should be made.

These behaviors should be avoided, monitored closely for abuse and stopped, if suspicious:

- Touching knees or legs of children or youth.
- Tickling children or youth, particularly by an adult.
- Piggy back rides.
- Holding children over three years old on the lap.
- Meals with individual children or youth in public places.
- Any type of massage between youth and adult or youth & youth.

These behaviors should be stopped immediately:

- Risque jokes.
- Wrestling with children or youth.
- Giving gifts or money to individual children or youth.
- Private meals with individual children or youth.
- Inappropriate or lengthy embraces.
- Comments or compliments (spoken, written or electronic) that relate to physique or body development.
- Snapping bras or giving wedgies or similar touch of underwear whether or not it is covered by other clothing.
- Any expression of attention, however, that elicits a negative response from another person should be discontinued.

3. The following behaviors, in addition to those listed in the descriptions of each type of abuse, are considered harmful. These behaviors should be stopped immediately and reported as abuse.

- Touching bottoms, chests or genital areas other than for appropriate diapering or toileting of infants and toddlers.
- Showing affection (youth & adult, possibly youth & youth) in isolated areas such as bedrooms, closets, staff-only areas or other private rooms.
- Kisses on the mouth.
- Occupying a bed with a child or youth.

Guidelines for Appropriate Restroom Supervision

Volunteers should never take a lone child to the restroom.

If a volunteer must go into the restroom to check on an individual child, he or she should seek out another worker to accompany him or her.

If another worker is not available to accompany, he or she should go to the exterior bathroom door, knock, and ask if the child needs assistance. If the child requires assistance, the worker should leave the exterior bathroom door open when entering the bathroom area and try to verbally assist the child in completing their activities, while the child remains behind the door of the bathroom stall.

Any assistance with the straightening or fastening of garments should be done in the presence of another volunteer.

Any "potty" accidents by children not wearing a diaper will be the responsibility of the parents. Every effort will be made to contact parents and assist them with the clean-up process.

Nursery attendants

- Changing of diapers or clothing should only be done in plain sight of other nursery workers.
- Children will never be left unattended on changing tables.
- Gloves will be worn when changing the diaper.
- Any special instructions given by parents leaving children in the nursery will be recorded ("Jane Doe requires prescription ointment for diaper rash.")
- Children should be re-diapered and re-clothed immediately upon the completion of changing their soiled diaper.
- Children should be changed on changing stations only.

Types of Abuse

Abuse can be described in 5 different categories: Physical, Mental, Sexual, Neglect and Economic. In addition, Bullying uses any of these forms of abuse to forcefully assert power or control in order to intimidate, humiliate and/or destroy their target.

Physical Abuse - Inflicting injury upon a child, youth or vulnerable adult by other than accidental means, which causes death, disfigurement, impairment of physical or emotional health, or loss or impairment of any bodily function. Placing such a person in a situation where they will likely be injured. Characterized by excessive corporeal punishment or injury from hitting with the hand or foot, such as punching or kicking, or hitting with an object such that it leaves a mark for more than a few minutes. Also, shaking, biting, burning, or otherwise physically harming a child.

Mental Abuse - Emotional, or psychological injury that causes, or could cause, behavioral, emotional, or mental disorders. Comments, actions or statements, whether verbal, written or electronic that would cause a child to believe their person, emotions, physical form or ability, mental ability, family, race, background, creed, religious background, social status, age, gender, sexual orientation, marital status or political beliefs are somehow bad, inferior, unacceptable or shameful, or makes a person fearful of harm or interferes with a person's right to worship. Ignoring a child and failing to provide necessary stimulation, responsiveness and validation of a child's worth or need for nurturance in a normal family routine. Terrorizing the child with continual verbal assaults, name-calling, threats, and put-downs creating a climate of fear, hostility and anxiety. Isolating the child from the family and community, denying the child normal human contact. Over pressuring the child to achieve too early in academics, physical skills or social interactions. Emotional abuse is almost always present with other types of abuse.

Sexual Abuse - Any sexual activity with a child or youth in any setting. The abuser may be an adult, an adolescent, or another child, male or female and of any sexual orientation. Child sexual abuse may be violent or non-violent. Child sexual abuse is criminal behavior that involves children in sexual behaviors for which they are not personally, socially or developmentally ready. Child sexual abuse may include actual or threatened touching behavior. This includes the following: prolonged kissing, cuddling, fondling; oral, genital or anal penetration; intercourse; forcible rape. Child sexual abuse also includes non-touching behavior; taking or showing pornographic pictures or videos; obscene phone calls; exhibitionism; allowing children to view sexual activity, efforts to seduce a child into a sexual relationship, or looking at a child/youth with the intent to be or make someone else sexually aroused, etc.

Neglect - This can be physical, such as delay or denial of basic necessities such as food, water, clothing, shelter or health care; educational, such as permitting a child to be truant from school; or emotional, such as extreme spousal abuse in front of the child; or failing to provide psychological care as needed.

Economic Abuse - These abusers require children, youth or vulnerable adults to do illegal acts for money or who will use any money brought in for such persons through welfare, child support check, monetary gifts or earned wages by the youth or vulnerable adult on themselves.

Statistics on Abuse

According to the 2010 Child Maltreatment research done by the US Dept. of Human Services, 1% of children in the United States had confirmed cases of abuse:

- 78% was neglect
- 17.6% was physical abuse
- 9.2% was sexual abuse
- 8% was psychological abuse
- 2.4% medical neglect
- 10% other types of abuse, including abandonment, observation of violence.

In Iowa, the Department of Human Services reported for 2011:

- 30, 747 assessments for child abuse or neglect in calendar 2011.
- 68 percent of assessments resulted in a finding of “no abuse.”

Of the 11, 747 children subject to abuse or neglect, down 7 percent from 2010:

- 8,757 children were subject of ‘founded’ abuse.
- 2,989 children were subject of a “confirmed” abuse. A “confirmed” abuse is minor, isolated, and not likely to re-occur, and the perpetrator is not placed on the child abuse registry.
- 51 percent of abused or neglected children were age 5 or younger (similar to past years).

Of all child abuse or neglect:

- 79 percent was neglect (denial of critical care), similar to past years.
- 10 percent was physical.
- 4 percent was sexual.
- 5 percent was presence of illegal drugs in body.

Abuse cases often aren’t reported for a year or more after the fact. Many cases of abuse, however, go unreported.

In the United States, 5 children die each day of abuse and neglect.

Consistently, 90% of abusers are known to the child. One statistic from the National Children’s Alliance in 2011:

- 39% of abuse was by a parent/step parent
- 20% by a person related to the child
- 32% was by someone unrelated, but known to the child

70% of all sexual assault crimes happen to children 17 years and under. The younger the age group of children, the higher rates of sexual crimes against them.

Child on child or youth on youth abuse rates are increasing:

- 65% of abuse is done by persons 18+ years old
- 10% of abuse is done by persons 13-17 years old
- 7% of abuse is done by persons under age 13.

To Report Suspected Abuse

What do I do if a Child, Youth or Vulnerable Adult discloses abuse?

Listen.

Assure the person the abuse was not his or her fault.

Let the person know you believe him or her.

Reassure the person that he or she will be safe.

Tell the person he or she was right to disclose.

Avoid questions that could make the person feel responsible.

Avoid expressing shock or outrage.

Don't threaten or condemn the alleged perpetrator.

Collect essential details for the report.

Write down exactly what the person said.

Follow reporting procedures.

*Conducting your own investigation or evaluating an allegation or suspicion may harm the youth or the legal investigative process. However, depending on the circumstances, it may be appropriate to ask a few clarifying questions of the youth or person making the allegation to adequately report the suspicion or allegation to the authorities. Even if the claim seems questionable, the claims should still be brought to the attention of a pastor on the same day that the claims are expressed and an incident report, at least, filed. One copy kept by the person filling out the report, and one given to the pastor.

Who Should Report Abuse?

Volunteers (supervisors/staff can help you make the report)

Staff

Mandatory reporters (professionals, or professionals delegates, law enforcement, teacher, doctors, nurses, social workers).

How to Report?

Make the report immediately or within 24-hours. When in doubt, make a report.

If you know or suspect that a child or youth is in immediate danger, call 911.

Otherwise call Department of Human Services 1-800-362-2178.

What to report?

Who is the victim?

Who is their abuser or caregiver?

Date, time, location of incident?

Any evidence of previous maltreatment?

Protection for Reporters:

No civil or criminal liability for good faith reports.

Identity of reporter not divulged (except with consent or by court order).

There are penalties for retaliation against a reporter.

There is civil protection for good faith investigative activities.

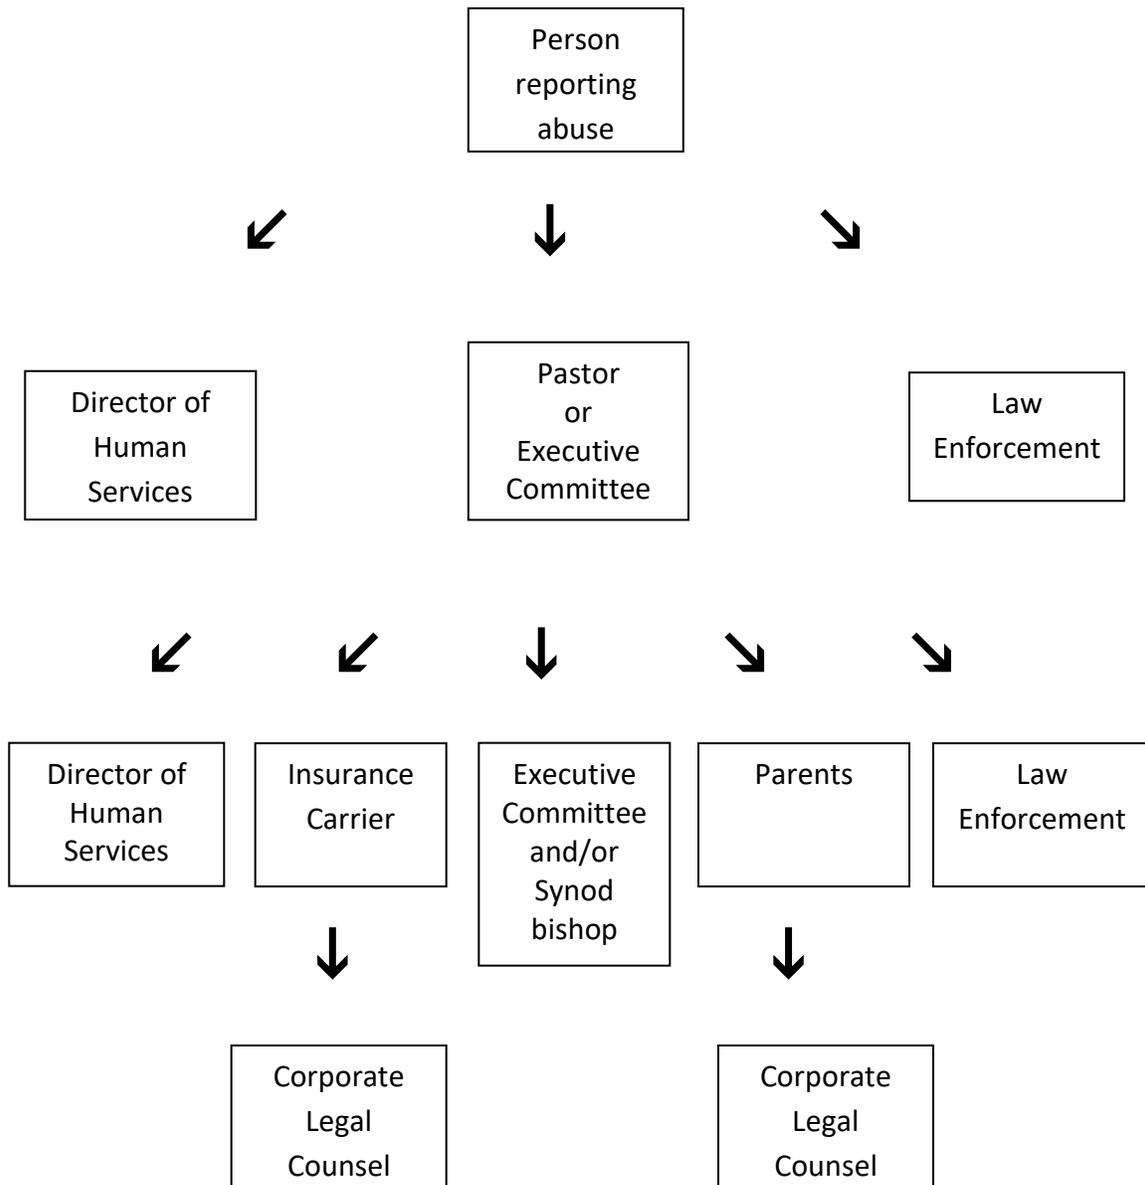

All persons in the course of their employment or ministry efforts or facilitation involvement have a responsibility to report actual or suspected child abuse or neglect whether or not it may have occurred on the Our Saviour's Lutheran Church campus.
